

WEST CENTRAL HOME & GARDEN TOUR

BASK IN THE COMPLIMENTS

Year after year, we hear from homeowners that one of their favorite things about being on the tour is interacting with visitors and answering questions. It's no secret that owning an old home takes a lot of work. You deserve to share the results of your labor!

INSPIRE OTHERS

One of the reasons people love our event so much is because no two houses are the same. Whether your style is minimalist and modern or kitschy and quaint, we want to see it all. No house is too big or too small to inspire visitors. Feel like your walls are a little bare? Partner up with a local artist you love to showcase (and sell) their work!

RAISE FUNDS FOR THE 'HOOD

3

We spend money on sidewalks, beautification, security, the planting of dozens of trees, and free resident events (egg hunt, block party, movie night, and winter mixer). We've even been known to save a house or two!

SAVOR THE PERKS

5

4

For each home that's on the tour, we do a historic write-up. If your home has never been on our tour, we'll hire a professional to research your home and past owners. You'll get a copy of this after the event. Homeowners will also receive a VISA gift card to help with last-minute expenses, like house cleaning.

MAKE SURE THIS UNIQUE EVENT KEEPS HAPPENING!

Each year, the Committee asks 50+ homeowners about being on the tour, and the most common answer we get is "I have too many projects, maybe next year." We've been putting on this event since 1982, and we can't do it without homeowners and renters opening their doors to the public. Your home will never be perfect, but people would love to see it just the way it is! ❤️
